

## See you later | CHF 260.00

Also known as "Double Air Time", this flight departs from the same location as the "Top Flight", Beatenberg, but allows for a much longer flight time.

When thermal winds are at their best (usually in the warm afternoon) our pilots soar passengers into the sky for an extended, 20-40 minute flight.

If scenery is what you want, and more air time is what you crave, the "See you Later" flight is for you!
